

Netsu Sokutei — Instruction to Authors

GENERAL

"Netsu Sokutei" ("Calorimetry and Thermal Analysis") is intended to provide a forum for discussion of research subjects in the areas of calorimetry, thermal analysis, and other techniques used to obtain various thermodynamic quantities. Contribution to the journal is open to the members of The Japan Society of Calorimetry and Thermal Analysis, as well as non-member authors. There are two categories in the contents of the journal:

- (A) Papers, Notes and Reviews: Their manuscripts are subjected to review by referee(s) chosen by the editorial board. The manuscript length should be within 8 printed pages for Papers and 3 printed pages for Notes.
- (B) Reports and other articles: They are published at the discretion of the editorial board.

MANUSCRIPT

- (1) Submission must be made under guarantee that the manuscript has not been published previously and is not currently under consideration for publication elsewhere.
- (2) The contribution should be as concise as possible and written in English.
- (3) The text should be typed double-spaced and single-sided on A4 or letter-size papers with 3 cm margins
- (4) The first page of the manuscript should contain only the expected category, the title of the contribution, the author's name(s) and the address(es). A "running title" should be included when the full title is longer than 65 characters.
- (5) An abstract should be provided with up to 100 words for Note, and up to 200 words for Paper and Reviews.
- (6) Manuscripts should be sent in duplicate, plus one more original set of illustrations. It is recommended to attach a 3.5" floppy disk containing the manuscript saved as a text file.

Contributions should be sent to the following address:

Netsu Sokutei, Editorial Board,

The Japan Society of Calorimetry and Thermal Analysis

Miyazawa Building 601, 1-6-7 Iwamoto-cho,
Chiyoda-ku, Tokyo 101-0032, JAPAN

FIGURES, TABLES, REFERENCES, AND SYMBOLS

- (1) The location of Figures and Tables should be indicated on the margin of the manuscript. They should be numbered in Arabic numerals (ex. **Fig. 1**, **Table 1**).
- (2) Figures should be prepared in a good quality suitable for direct reproduction, taking into account the fact that the lateral size in print will be less than 7 cm. Photographs for halftones should be glossy and show rather strong contrast.
- (3) Figure captions should be typed on a separate sheet.
- (4) Each Table should be typed on a separate sheet.
- (5) References and Footnotes should be cited consecutively in the text by superscript numeral with a closing parenthesis, and should be listed in the order of their citation at the end of the paper.
- (6) The symbols, terminology, and units recommended by the IUPAC should be used throughout the manuscript.
- (7) In general, the author(s) are asked to adhere closely to the style and conventions of the journal, as introduced above and as exemplified in the recent issues.

REVISION, COPYRIGHT, AND OTHERS

- (1) When revision is required as a result of review, the revised manuscript should be submitted within 2 months.
- (2) The copyright to the article accepted for publication belongs to the Japan Society of Calorimetry and Thermal Analysis.
- (3) There are no page charges.
